Total				100%
Procedure	Premix Phase A in osterizer blender and mix thoroughly until well blended. Add phase B to A and gently mix for 1 minute. Preweigh phase C into glass beaker and heat to 70°C and stir until all is dissolved and uniform. Add phase C to A and B and blend for one minute. Scrape down sides and repeat blending process. Press into desired eyeshadow pans at 1050 psi for 5 seconds.
